# Memories

Memories are things of the past.  
They haunt us forever.

Some are good. Some are bad.  
You can't forget them because  
they are important.

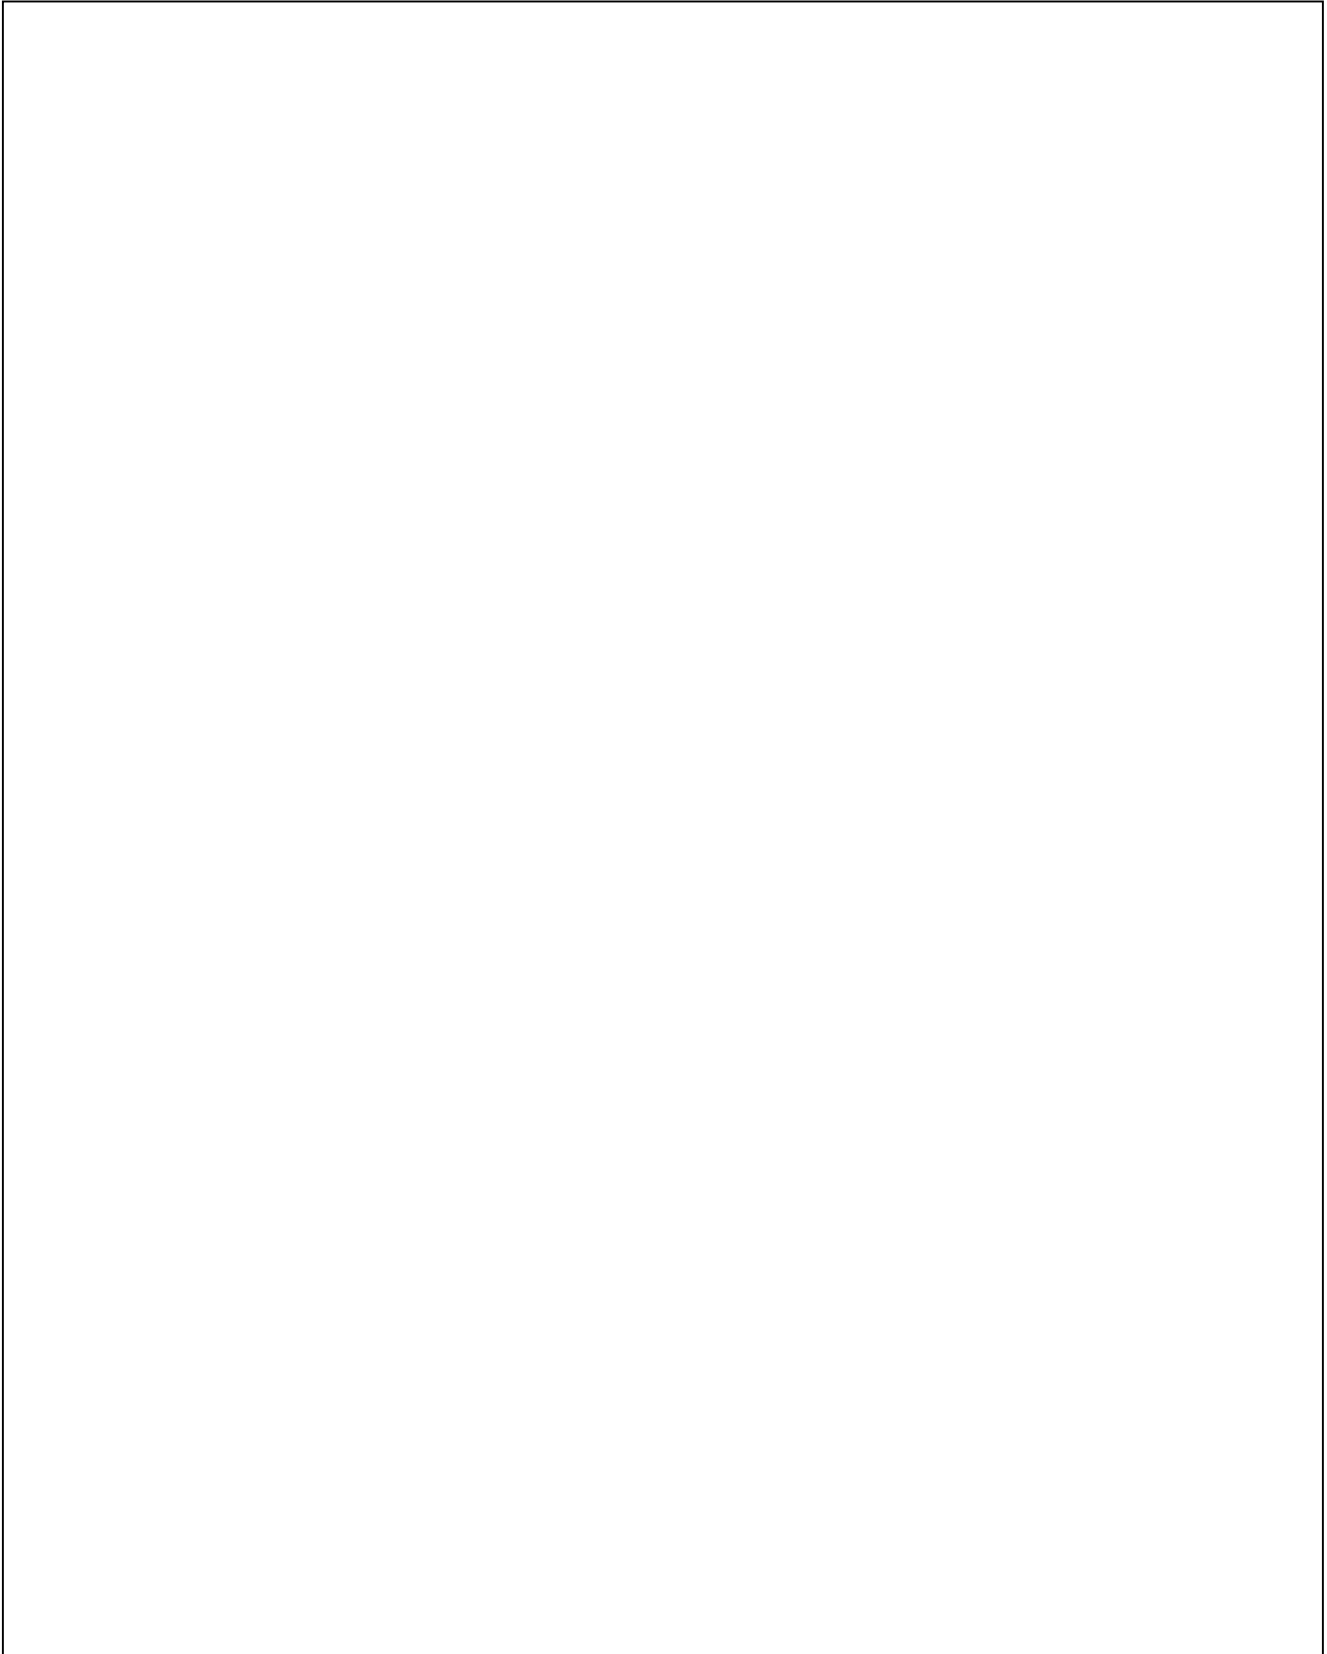

Some tickle you with joy - a reminder  
of those who changed our lives for the better.

Some are of pain - mistakes made  
by you or by others.

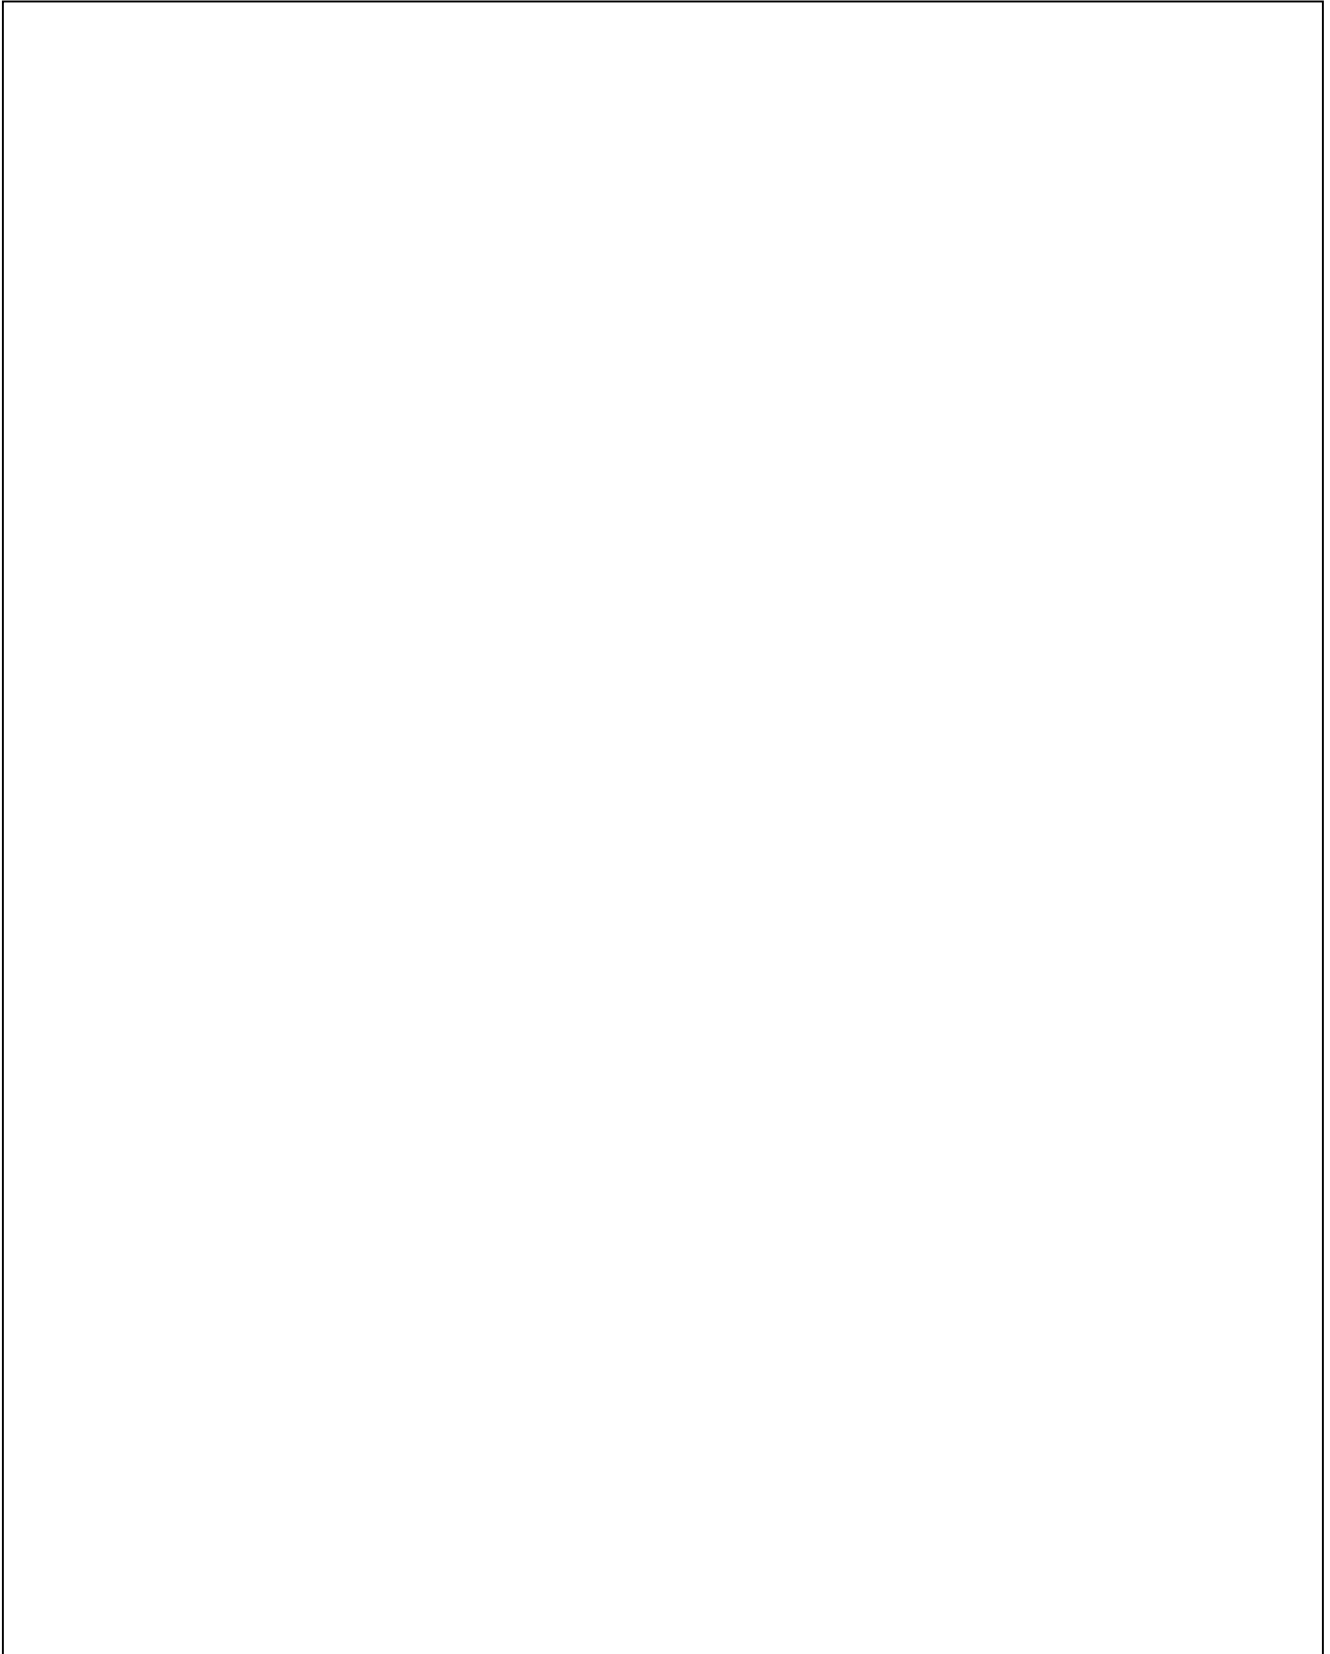

Memories, happy or sad,  
are our foundation of the future.

- Oralia Vasquez  
8th Grade, 2001
