Author's Note

I hope you will be eternally blessed by reading this book. The Hip-Hop Culture is the most dominant culture impacting young lives today around the globe. While there are some positive facets of the culture, there are negative connotations as well. In an effort to address some of the negative aspects they are faced with, they need to know what God's Word says about it.

This message was given to me, by inspiration of the Holy Spirit, to be a preached word for the youth at my church. I later put it into a book format as a hope to reach as many young people in the world as I can. But I will need help. Parents, youth workers, youth pastors, teachers, and anyone who has the potential of reaching a young life, will you help me? There are reference scriptures attached to the end of the paragraphs. As you read, or teach you may refer to these scriptures in the Bible to instruct your young person in what God's word has to say about the issues they face on a daily basis.

My message is simple: the choices you make in life will be the material in which you build your house out of so... choose wisely. There will always be a "wolf" lurking about ready to huff and puff and blow your house in. Will you have what it takes for him to run out of breath when he comes to your house? If you have God-your answer is yes. If you do not...I can hear the walls smashing the ground.-Reverend Lakeisha F. Hill

Once upon a time there were three little pigs that lived with their mother. One day their mother told them they were going to have to go off and fend for themselves. She told them that no longer could she be responsible for feeding, clothing, and trying to guide them along the right path. *Proverbs 22:6

Her oldest pig felt that his mother was just talking, and that he had plenty of time in his life to run and play. He liked going to parties and drinking and running the girls and doing drugs. Oh, he especially liked thinking that he was getting away with everything because his mother never found out what was going on behind her back. (So he thought) *Proverbs 23:20
